Sarasota Web Developer Group

Monday, February 22, 2010

Intro to ASP.NET MVC

Understand the basics of ASP.NET MVC Websites: Routing, Models, Views, and Controllers.

Presentation 1

Intro to ASP.NET 4

Explore the new features in the ASP.NET 4 Core Technologies as well as ASP.NET WebForms.

Presentation 2

IIS SEO Toolkit

Analyze your websites to improve their position in the major search engines and generate more traffic.

Tool Spotlight

Teaching ASP.NET MVC and ASP.NET 4 From Scratch

Join the Sarasota Web Developer Group for their first meeting on Wednesday, February 24, 2010 at 6:00pm at the Community Foundation of Sarasota, Florida.

David Hayden will be presenting at the first meeting, which will consist of 2 presentations as well as a review of the Microsoft IIS SEO Toolkit:

- ❖ Presentation 1: Introduction to ASP.NET MVC
- ❖ Presentation 2: Introduction to ASP.NET 4
- ❖ Tool Spotlight: Microsoft IIS SEO Toolkit

About Us

The Sarasota Web Developer Group is dedicated to teaching real-world development skills in ASP.NET 4 as well as ASP.NET MVC 2 from scratch. Monthly meetings build upon one another, increasing the skills and confidence of each member in both ASP.NET 4 and ASP.NET MVC each month. In addition to presentations, the group also enjoys

- ❖ Monthly newsletter filled with resources and links.
- ❖ Monthly screencasts that provide a quick summary of material presented.
- ❖ Optional monthly homework assignments that challenge members.
- ❖ A Windows Live Group to ask questions and share knowledge.
- ❖ Wonderful sponsors that make all of this fun and possible!

In addition to a minimum of 2 monthly presentations that build member skills in ASP.NET 4 and ASP.NET MVC 2 is a monthly tool spotlight that showcases a valuable .NET Developer Tool to help with productivity and/or code quality.

The group takes pride in not just teaching in-depth skills in ASP.NET 4 and ASP.NET MVC 2 but also in teaching proven-practices and exposing members to a wide variety of technologies and solutions. Presentations and homework will challenge members by exposing them to a wide variety of Microsoft, 3rd party, as well as OSS technologies.

Sponsors and Presenters

If you would like to sponsor the Sarasota Web Developer Group or present at one of our meetings, please contact David Hayden at <http://www.davidhayden.com/>.
